INDEPENDENT PRACTITIONER'S REVIEW ENGAGEMENT REPORT

To the Directors of Orfund Foundation

We have reviewed the accompanying financial statements of Orfund Foundation that comprise the balance sheet as at December 31, 2017 and the statement of operations and changes in net assets for the year then ended, and a summary of significant accounting policies and other explanatory information.

A review does not constitute an audit and, consequently, we do not express an audit opinion on these financial statements.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these financial statements do not present fairly, in all material respects, the financial position of Orfund Foundation as at December 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with the Canadian accounting standards for non-profit organizations.

1. DESCRIPTION OF ORGANIZATION

Orfund Foundation (the "Foundation") is a Canadian federally registered charity formed on January 1, 2004, to provide relief and support to African AIDS orphans and vulnerable children. To fulfil this purpose, the Foundation assists with children's education by helping to establish and support community based daycare and pre-school centres, provide children with relief from poverty and illness by serving them daily meals and giving them access to medical services, clothing, blankets, books and toys, arrange for trauma counselling and other related counselling services for the children and their caregivers to help them cope with difficult circumstances of their lives, and help protect the welfare of the children by working with governments and other international aid organizations to strengthen child welfare, inheritance and property laws.

The Foundation's ultimate goal is to provide children with the necessary tools to realize their potential. Education is the primary means of achieving this so most of the Foundation's efforts are focused on providing pre-school education and supplementing the primary and secondary education of children.

The Foundation is a not-for-profit organization and, is exempt from income taxes under the Income Tax Act (Canada).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations.

Revenue recognition

The Foundation follows the deferral method of accounting for donations. Restricted contributions are recognized as revenue in the year in which the related expenditures are incurred. General donations, unrestricted monetary and non-monetary contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. As of December 31, 2017 there were no restricted contributions.

Financial instruments

The Foundation measures its financial assets and financial liabilities at fair value.

Website development costs

Website development costs incurred in the website application, infrastructure and graphic development stages are capitalized. Capitalized costs are tested for impairment annually. As of December 31, 2017, there was no impairment in the value of the website costs.

Donated services

The value of services donated to the Foundation are not recorded in the financial statements due to the difficulty of determining their fair value.

(Unaudited - See Independent Practitioner's Review Engagement Report)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Foreign currency transactions

Monetary assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the rate of exchange prevailing at the year end date. Revenues and expenditures are translated into Canadian dollars at the rate prevailing at the date of the transaction. Other exchange gains and losses are credited or charged to operations.

Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that could affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from the estimates.

3. FINANCIAL INSTRUMENTS

The Foundation is exposed to various risks through its financial instruments and has a comprehensive risk management framework to monitor, evaluate and manage these risks. The following analysis provides information about the Foundation's risk exposure and concentration as of December 31, 2017.

Liquidity risk

Liquidity risk is the risk that the Foundation will encounter difficulty in meeting financial obligations as they fall due. The majority of the Foundations assets are cash and therefore the Foundation's liquidity risk is considered minimal. The Foundation also aims to retain a sufficient cash position to manage liquidity. There has been no change in this risk exposure from 2016.

Currency risk

Currency risk is the risk that the Foundation may encounter from fluctuations of foreign exchange rates and the degree of volatility of these rates. The Foundation is exposed to foreign currency exchange risk on cash. The Foundation holds relatively minor balances in cash in foreign currency therefore the currency risk related to these balances is not significant. There has been no change in this risk exposure from 2016.

4. STATEMENT OF CASH FLOWS

A statement of cash flows has not been presented because it would not provide any additional meaningful information that is not readily determinable from information presented in the other financial statements.
